BOARD OF DENTISTRY

IN THE MATTER OF

JONATHAN W. PARKER, D.M.D.
Licensed No. DI 12150

LICENSED TO PRACTICE
IN THE STATE OF NEW JERSEY

Administrative Action

THIRD AMENDMENT TO REINSTATEMENT
ORDER FILED APRIL 18, 1996

This matter was opened to the New Jersey State Board of Dentistry ("the Board") upon the request of Jonathan W. Parker, D.M.D. ("respondent") seeking modification of prior Board orders. The application was supported by documents attesting to the continuing, successful rehabilitation of Dr. Parker with respect to his drug addiction. Dr. Parker's license to practice dentistry, which had been revoked by the Board in November 1994, was reinstated with limitations by a Board decision and Order entered on April 18, 1996. The reinstatement order was modified upon the respondent's application in January 1997. The reinstatement order was again modified upon the respondent's application in May 1999.

Respondent now seeks to eliminate all restrictions imposed on his license from previous Board orders. Specifically, respondent seeks to discontinue urine monitoring and submitting triplicate copies of prescriptions he has written for patients to the Board. The Board has considered respondent's request, including consistently negative urine screens and the report from his treating psychotherapist attesting to his continuing recovery. The available information demonstrates respondent has been fully compliant with the prior Board orders in this matter, that he continues in recovery, and that the public health, safety and welfare will not be harmed by the removal of the restrictions set forth in the Boards previous orders.

IT IS THEREFORE, on this 20th DAY OF September 2000,

HEREBY ORDERED that:

1. The monitoring requirements, specifically urine monitoring and submission of copies of prescriptions written imposed by the Board's order of May 1999, are terminated as of the date of this order.

2. The attendance requirements, specifically attendance at AA/NA support groups and attendance at an impaired professional group as set forth in the April 18, 1996, are terminated as of the date of this order.

3. The attendance requirements, for voluntary individual therapy with Ross Brower, M.D. and mandatory group therapy with Richard Frances, M.D. as required by the April 18, 1996, are terminated as of the date of this order.
